LAST PATCH™ GEL

UV Stable Aesthetic Urethane Patching Compound

Ideal applications include:

- Monument Repairs
- Building Façade Repairs
- Countertop Repairs
- Honed to Polished Surfaces
- Floor and Tile Restoration
- does not discolor and withstands freeze/thaw conditions— no shrinkage or no pop-offs

FAST SET™ EXTREME

Exterior Grade Structural High Strength Epoxy Adhesive

Ideal for:

- Outstanding cure profile (Cures at below freezing temperatures)
- Achieves 90% of full cure within one hour at room temperature
- Anchoring and doweling
- Spot bonding of heavy duty stone tiles
- Seals cracks and around injection ports prior to pressure-injection grouting
