

Chip & Fill Kit™

"Restore virtually any stone job"

This unique and convenient kit from Stone Art & Engraving was developed for the restoration and repair of granite, marble, and limestone surfaces.

The kit enables you to create on-site color, veining and textured replication of your stone. The Kit features the "Last Patch™ Gel"-UV stable patching compound, an assortment of seven colors of granite dust & seven colors of powdered tints plus mixing & application tools.

Applications include:

- Monument repairs
- Building facade repairs
- Crack repairs
- Countertop repairs
- Floor & tile restoration
- Sign hole repairs
- Fast Setting: 20 minutes
- UV stable
- Patch holds up through severe climate changes

Refills are available for all Chip & Fill Kit components.

The Last Patch Gel Adhesive refill includes:

(2) - 1oz tubes of Part A & (2) - 1oz tubes of Part B

Also available:

(1) - Pint of Last Patch Gel Part A & (16) - 1oz tubes tube of Part B
or (1) - Quart of Last Patch Gel Part A & (32) - 1oz tubes of Part B

*Patch material sold in 2oz kits,
pints & quarts*
