

# Stone Repair Kit™

The Stone Repair Kit is an all in one repair kit designed with the contractor in mind. This kit enables you to structurally repair stone; re-attach broken or spalled stone, bond new stone to existing stone, or fast applications of anchoring or assemblies of stone. This kit features our Fast Set™ Extreme in a 250 ml cartridge. Also included are aesthetic patching materials for granite, marble, limestone, sandstone, and most other masonry materials. Ideal for:

- Residential and commercial building contractors
- Stone breakage at job-site
- Quick, fast repairs to keep the project moving

**Refills are available for all Natural Stone Repair Kit components.**

**The Last Patch Gel Adhesive refill includes:**

- (2) - 1oz tubes of Part A &
- (2) - 1oz tubes of Part B

**Also available:**

- (1) - Pint of Last Patch Gel Part A &
- (16) - 1oz tubes tube of Part B or
- (1) - Quart of Last Patch Gel Part A &
- (32) - 1oz tubes of Part B
